

Illinois Congressional Redistricting Map IL 03 and 14

To whom it may concern:

I've volunteered for several democratic candidates in IL-03 (Newman) and IL-14 (Underwood). I'm concerned about the new proposed map. I do not believe a Democrat would likely win in the areas proposed for IL-03, based on conversations I've had with voters in those areas while knocking doors and on the phone. I also have concerns about the IL-14 district. This was a very close race in 2020, and I believe it may presently be drawn in such a way that makes a Democrat winning unlikely.
